Re: 2023 Small COR® Health & Safety Maintenance Audit

This letter is to inform you that the BC Construction Safety Alliance has completed a detailed review of the Certificate of Recognition (COR®) Health & Safety Audit completed by Internal Auditor _____, in October 2023, for the above listed company.

Congratulations, your firm has met the BCCSA COR® Program requirements for 2023 and the BCCSA has submitted the company's audit results to WorkSafeBC for 2023 Small COR® Health & Safety incentive payment eligibility. (Note: Eligible firms will not receive their payment until June of the **following year.**)

To maintain OHS COR® status, your company must complete a 2024 OHS COR® **Recertification Audit no later than October 16, 2024** (Note: As per WorkSafeBC's COR® Program Standards and Guidelines, audits must be conducted in a period when the company is in normal operating mode. Audit scheduling should take into consideration fluctuations in volume and/or type of work which may be a factor of weather or other business considerations). **If this date does not align with activity that reflects your company's normal business activities, please contact the BCCSA.**

If you have any questions regarding this letter, or require additional information on the BCCSA COR® program, please contact us toll free at 1.877.860.3675 or cor@bccsa.ca.

Sincerely,

Starlett Sami
COR® Coordinator
