Re: 2019 Small COR™ Health & Safety Maintenance Audit

This letter is to inform you that the BC Construction Safety Alliance has completed a detailed review of the Certificate of Recognition (COR™) Health & Safety Audit completed by Internal Auditor , in November 2019, for the above listed company.

Congratulations, your firm has met the BCCSA COR™ Program requirements for 2019 and the BCCSA has submitted the company's audit results to WorkSafeBC for 2019 Small COR™ Health & Safety incentive payment eligibility. (Note: Eligible firms will not receive their payment until June of the **following year.**)

To maintain COR™ status, your company must complete a 2020 **Maintenance Audit no later than November 19, 2020** (Note: As per WorkSafeBC's COR™ Program Standards and Guidelines, audits must be conducted in a period when the company is in normal operating mode. Audit scheduling should take into consideration fluctuations in volume and/or type of work which may be a factor of weather or other business considerations). **If this date does not align with activity that reflects your company's normal business activities, please contact the BCCSA.**

If you have any questions regarding this letter, or require additional information on the BCCSA COR™ program, please contact us toll free at 1.877.860.3675 or cor@bccsa.ca.

Sincerely,

Starlett Sami
COR™ Coordinator
